| Target version: | 010 - Next Major Public Release 1.xxx | | |
| Resolution: | Wont Fix | | |
| Description | | | |
| <p>When downloading from YouTube, the format prompt is not always on top of the JD window. JD is unresponsive, because it is waiting for the <i>modal</i> YouTube dialog. This is occurring with the YouTube Plugin version 10947.</p> <p>Windows users can regain control with Alt+Tab (which opens the dialog, not the program). No reports from non-windows users.</p> | | | |
