

JDownloader - Feature #2045

Add support for creating a JDC of only the selected links

07/12/2010 03:52 AM - drbits

Status: Closed	Start date: 07/12/2010
Priority: Normal	Due date:
Assignee: coalado	% Done: 100%
Category:	Estimated time: 4.00 hours
Target version: 010 - Next Major Public Release 1.xxx	
Resolution: Wont Fix	
Description DLC files are a poor way to backup parts of the link list, because they encrypt the links and do not include enough data per link. JDC files are intended for backup, but JD only supports creating a JDC on the entire Links List. Ideally, all information for a Link or Package would be backed up (as in the database script file).
