

JDownloader - Bug #2292

'Status' of alternative hoster doesn't change post file download.

08/24/2010 07:45 PM - raztoki

Status: Rejected	Start date: 08/24/2010
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: General	Estimated time: 0.00 hour
Target version: 010 - Next Major Public Release 1.xxx	
Resolution:	
Description Alternative files (alternative mirrors eg file.exe) within package don't always get updated post download. They are stuck on 'files loaded from X' where X=hoster of 100% downloaded file. Preventing the 'remove duplicates' from clearing finished/duplicates solution state 'files loaded from X' needs to be changed on successful download , the alternative mirror/link. 'post download' == 'post download checks(md5)/actions (antivirus)+post rename'
