

JDownloader - Bug #2304

Force lowercase file extensions, before post processing

08/26/2010 07:49 AM - drbits

| Target version: 010 - Next Major Public Release 1.xxx | |
| Resolution: Can't reproduce | |
| Description If a character of a file extension is in [A-Z], convert it to lower case. This must be done before post processing, because the archive and merge algorithms assume lower case extensions. This does not apply to Unicode Letters, but it does apply to all platforms. | |
