<b>Target version:</b>	010 - Next Major Public Release 1.xxx		
<b>Resolution:</b>	Fixed		

#### Description

The last selection criteria for 'hosters' should be multiple selection list (ctrl &/ shift, or 'all hosters' option), or checkbox list (irc user asked for this) that way if you are seeking multiple hosters (to load balance downloads as free user) you don't need to load the decrypter x times for all the hosters or selection of your favourite hosters.
