

JDownloader - Bug #46163

Mirror handling: Resume resumable downloads first if possible

06/27/2014 06:54 PM - pspzockerscene

Status: New	Start date: 06/27/2014

Resolution:	
Description http://board.jdownloader.org/showthread.php?t=57999 User says if he has some downloads (2 mirrors) running, shuts down JD and restarts them it may happen that the mirror which does NOT support resume is used so JD will start from zero while it could resume the other resumable link. Test case: firedrive.com and zippyshare.com mirror - both in FREE mode.
