Target version: 020 - Next Release 2.0	
Resolution:	
Description Go to a thread e.g.: http://board.jdownloader.org/showthread.php?t=58765 Add the link from the first post to JD. When you copy it out of JD, JD will copy: http://board.jdownloader.org/showthread.php?t=58765 ...instead of the secureupload link. Please add a way to disable this feature, I really don't think this is an improvement as there is no reason to "protect" plain links...
