<b>Target version:</b> 030 - Version > 2.xxx	
<b>Resolution:</b>	
<b>Description</b> Change the merge dialogue to include a save to path selection, with support for dynamic tags eg. <jd:packagename>  Use your current infrastructure to pre determine a new path if all paths with in the selection == same, as the active selection within a drop down menu. The previously used save to history from other parts of JD GUI. If the save paths are not the same, show the history of the last x used paths.  Also fix merge package within download
