

JDownloader - Bug #822

Reconnect may not interrupt postprocessing

10/29/2009 12:48 AM - jiaz

Status:	Rejected	Start date:	10/29/2009
Priority:	High	Due date:	
Assignee:	jiaz	% Done:	0%
Category:	Controlling	Estimated time:	0.00 hour
Target version:	010 - Next Major Public Release 1.xxx		
Resolution:			
Description			
<p>reconnect will stop resumable links in order to reconnect. but if download has finished and is in postprocessing (extract, hashcheck) reconnect will interrupt this and this will lead to redownload of the file i think a reconnect can be done without interrupting links that are currently in postprocessing stage, so we should check linkstatus before disabling/enabling link in reconector modul</p>
