

JDownloader - Bug #8384

Option to delay check of internet connection (e.g. due to WLAN)

05/11/2013 03:44 PM - Think3r

Status: Contact Owner for Feedback	Start date: 05/11/2013
Priority: Normal	Due date: 11/29/2013

Target version: 020 - Next Release 2.0	
Resolution:	
Description Especially when using WLAN, establishing an internet connection often takes some time. When letting JD 2 auto-start with Windows it's always checking the internet connection, first and opens this annoying popup, then (to configure the connection settings). Please add an option to delay this internet connection check in order to avoid the popup with every boot of Windows.
