Category: GUI	Estimated time: 0.00 hour
Target version: 020 - Next Release 2.0	
Resolution:	
Description This bug only occurs with "Downloads" path. No other path is affected. "Downloads" in "New package" dialog of "Move into new package" function will always be written as "downloads", no matter what you do. Same with "folder name" in the next dialog when you click on "Choose" (Auswählen). 2014-02-05_15125.png
