

JDownloader - Bug #11394

[GUI/uploaded.to]JD1 - plugin options missing because of long description

02/26/2014 01:24 PM - editestowy

Status:	New	Start date:	02/26/2014

Target version:			
Resolution:			

Description

Looks like the long description of the option in the plugin's settings prevents some options (check boxes) from displaying (fit in the screen) - even in width = 1920
Example in the uploaded.to plugin:
DOWNLOAD_ABUSED checkbox has very long description, so all the options are not visible.
Look at the attached screenshots:
JD1_buggy (looks like the \r\n are ignored),
JD2_correct (displayed correctly in the separated lines)

So probably the description should be shorter (to keep compatibility with old engine)...
