

JDownloader - Bug #3814

Links deleted when using Ctrl-Alt-Supp in windows

10/11/2011 08:36 AM - phg

Status:	Closed	Start date:	10/10/2011
Priority:	Low	Due date:	
Assignee:		% Done:	0%
Category:	General	Estimated time:	0.00 hour
Target version:	020 - Next Release 2.0		
Resolution:	Fixed		

Description

In the download tab, select a link

Press Ctrl-Alt-Supp (to lock a computer for example) and it will remove the selected link whereas it should not

It happens on every version I test: last stable and last Alpha version (the one that is proposed by SVN when we checkout the source) then, I reopen the bug and I change the revision to 15069 (it is what Eclipse gave me by doing Revision Properties)...
