Description

as subject indicates, need to pass pre download password info from the add links dialog to given the decrypter task. I guess by already established

```
private String    decrypterPassword;
```

```
/**  
 * Gibt das Password zurück, welches vom Decrypter-Plugin genutzt werden kann (zb. FolderPassword)  
 */  
public String getDecrypterPassword() {  
    return this.decrypterPassword;  
}
```

```
/**  
 * Setzt das Password, welches vom Decrypter-Plugin genutzt werden kann (zb. FolderPassword)  
 */  
public void setDecrypterPassword(final String pw) {  
    this.decrypterPassword = pw;  
}
```
