

JDownloader - Bug #83421

[Browser] Captcha Slot handling: glitchy when stopping downloads

04/27/2017 11:43 AM - pspzockerscene

Status:	New	Start date:	04/27/2017
Priority:	Normal	Due date:

Target version:	020 - Next Release 2.0		
Resolution:			
Description			
Something, I just noticed:			
E.g. start 20 downloads which all require reCaptchaV2 --> Immediately stop all downloads. Then start a single download --> JDownloader will show "Wait for Captcha-Slot" and wait ~2 minutes. This is unnecessary as no captcha has been entered at all before.
