#### Description

Recently discovered by me:

I tried to upload an NZB file over 10 MB via myjd Add Links Dialog and it failed.  
I guess it might be a simple timeout so via faster connection it might just work fine.  
Here with 16 Mbit/s it will show the error after about 30-60 seconds.

Errormessage (see screenshot):  
Sorry, that failed. Please try again!
