

JDownloader - Bug #87764

Myjdownloader app: select all items in one package

03/10/2020 01:50 PM - pspzockerscene

Status:	New	Start date:	03/10/2020
Priority:	Normal	Due date:	
Assignee:	mrc	% Done:	0%
Category:	General	Estimated time:	0.00 hour
Target version:			
Resolution:			
Description			
Current behavior: Open a package, select some URLs --> Select all --> Selects all packages Maybe better and currently impossible: If user selects a few items inside an opened package and hits "select all" --> Select all items of that package https://board.jdownloader.org/showthread.php?t=83433
