

JDownloader - Bug #9250

[GUI] Archive extractor: unnecessary question

08/10/2013 04:09 PM - editestowy

Status:	New	Start date:	08/10/2013
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	GUI	Estimated time:	0.00 hour
Target version:	020 - Next Release 2.0		
Resolution:			
Description			
Archive extractor => Extract destination folder => Extract to the following folder - the option is off, however "Extract to" field was previously filled: http://i.imgur.com/CG9NDaT.jpg			
But when the other option from the left side menu (i.e. Packagizer) is chosen - JD asks: "The folder <extract to filed> does not exists. Do you want to create it?" http://i.imgur.com/WYLTGlm.jpg			
The question is unnecessary, because it applies to the option which is not used.
